

Webinar

On

COVID-19 and Mental Health of Adolescents

January 24, 2021

Time- 2.00 PM to 3.00 PM

Organized by

Department of Psychology
Akhilabhagya Mahavidyalaya Ranapar, GKP

About The Theme

Psychologists have shown their concern in understanding the nature, and challenges related to mental health of adolescents. Students and researchers have so many doubts about mental health of children in present scenarios; therefore, such academic programs are very relevant to develop right understanding. This would be to take another step to enhance the knowledge about mental health of children as well as to promote good health habits and positive attitudes in present context.

This webinar will focus on a number of issues regarding mental health of adolescents such as ; Psycho social aspect of mental health, stress and coping with mental health, child abuse / school bullying and mental health during COVID 19, Family relationships/ Parenting and mental health and Well being, On line – learning during COVID-19 and impact on their career, mental health and well being of children. Thus, through the lecture in webinar many more issues will be raised and expert suggestions will be useful to promoting mental health of adolescents in Indian society.
